The Guts.
The Glory.
The Heritage of Champions.

Mustang — born to race.

The Braum. The Baditude.
The Beast.

A breed apart.

Put pedal to metal and the vaunted 4.6L V8 Mustang GT hits the 0-60-mph mark in a scalding 5.1 secs.¹ A thundering 300 horses and 320 lb.-ft. of low-end torque will do that for you. Just so you know, the speed racers at CarandDriver.com guarantee the Mustang GT "... looks just as good with the rear fenders obscured by tire smoke."¹

The 4.0L V6 offers up a stirring 210 hp and 240 lb.-ft. of torque. It clocks the 0-60 dash in 6.5 ticks,² ranking it as one of the quickest cars for the money. And it's fuel efficient too — 26 mpg hwy.³ A stick is standard operating procedure. Or go for the optional automatic.

300-hp Mustang GT Premium • Black

210-hp Mustang V6 Premium • Grabber Orange • Optional V6 Pony Package

The One.
The Only.
The Legendary Pony.

Hot grille. Hot stripes. Hot wheels. Hot spoiler.
Hot damn.

*Given: Mustang goes like hell on the straightaways.
Now get this: V6 and GT models also hold their composure in the corners.*

The front suspension features a stabilizer bar and custom shock valving. MacPherson struts with Reverse-L lower control arms make for smooth moves. In back, the 3-link suspension is fortified with outboard-mounted shocks. For precise command, there's a tubular Panhard rod that keeps the solid rear axle steady, especially when hitting the curves hard. A rear stabilizer bar gives Mustang GT and Mustang V6 with the Pony Package an added carving edge.

210-hp Mustang V6 • Torch Red • Custom Accessories — Body Kit by 3dCarbon,[®] Rear Spoiler, Side Scoops, Hood Scoop and 17" Painted Black Aluminum Wheels with Chrome Spinners
*Ford Licensed Accessory.

Cruisin' the Strip.

The Looks.
Such a Sexy Shape.

Sweet dreams
are made of this.

No matter the angle, there's no mistaking Mustang. The pronounced, shark-like nose emphasizes the profile's aggressive, fastback rake. That long, seductive hood and taut, distinctive tail are Mustang signatures. Styling cues harken to the 1964 original, which scored the Award for Excellence in American Design. A major gold-medal first for a car.

In the Edmunds.com 2007 Consumers' Most Wanted Vehicle Awards, Mustang was lauded as top vote-getter in its category — for the third straight time.

300-hp Mustang GT Premium • Performance White • Optional GT California Special and GT Appearance Packages

The Beach.
The Rays of Sunshine.
The Freedom.

Suddenly, it's summer.

It's all about lovin' life in one of America's best-selling convertibles. Air it out in less than 13 seconds; windows lower automatically while the 3-layer, weatherproof power top Z-folds neatly out of sight at the press of a button. What's more, everything's riding on a body as ultra-rigid as its hard-top stablemate.

Here's the kicker — this breathtaking machine is the first convertible ever to rate 5 Stars⁴ in all crash and rollover testing conducted by the National Highway Traffic Safety Administration (NHTSA). A pioneering Personal Safety System[®] greatly enhances driver and front-passenger protection. So roll on, carefree, with the top down. Mustang always has its guard up.

Mustang GT Premium • Optional Premier Trim With Color Accent and Comfort Packages plus Navigation System

Crisp Shifts.
Awesome Force.
The Thrill of It All.

Perfect launch every time.

Go for a Mustang Premium model and you get the sensation of MyColor.TM It lets you change illumination of the full complement of 6 gauges as you wish — there are 125 tints in total. Special effects don't stop there: Ambient Lighting further intensifies your mood. Scroll through 7 LED hues that make the footwells and front cupholders glow in the dark.

Gun it to where you're going without guesswork, thanks to the optional Nav System and its spoken-aloud Route Guidance. Serve it up with SIRIUS[®] Satellite Radio⁵ — featuring 100% commercial-free music. Check out new HD Radio[®] from Ford Licensed Accessories. Then add their newly available SmartAlert.TM It tracks your Mustang — issuing an alert by e-mail, phone, text or online — for unauthorized movement and/or when a pre-set speed is exceeded. Another bonus is remote door unlock, which accesses locked-in keys. No doubt, more Mustang must-haves.

Mustang GT Premium • Dark Charcoal Leather Trim • Optional Comfort Package

The background of the advertisement is a dark, moody photograph of a car's interior. On the left, the back of a leather-upholstered front seat is visible, with a small 'AIRBAG' label on the side. The center console and the back of the driver's seat are also partially visible. A bright light source, likely the sunroof, is visible at the top center, creating a lens flare effect. The overall atmosphere is sophisticated and emphasizes the car's interior design.

The Driver Seat.
The Driver Seat.
The Driver Seat.

Oh yes,
there's a backseat too.

Buckle up behind the leather-wrapped steering wheel of a Mustang Premium and power your seat up, down, forward or back, using lots of lumbar support or hardly any at all. The leather-trimmed, tuck-and-roll inserts on the available sport-bucket seating ensure bolstered, stay-put control at the heart of the action. Make your ride even sweeter with the optional Comfort Package, which includes heated front seats.

Mustang's 2+2 layout means 3 more can always hop in for the fun of it. And hardtop models benefit from a split-folding rear seatback that expands your cargo-carrying flexibility way beyond the trunk.

Top Down. Decibels Up.
The Thumping.

A subwoofer in each door.

The image shows the interior of a car, focusing on the dashboard and center console area. The dashboard is dark-colored with three circular air vents. Below the vents is a radio unit with a digital display showing '88.7' and 'FM2'. The center console has a gear shift and handbrake. On the right side, a large black speaker is visible, likely in the trunk area. The background shows a view through the windshield of a desert landscape with palm trees.

Rock your world with the available Shaker 500 (as in number of watts) Audio System. It packs 8 speakers and a 6-disc in-dash CD changer. Or double that audio output: The Shaker 1000 unit is armed with 10 Audiophile® speakers,⁶ including an additional pair of pounding subwoofers in the trunk.

With their MP3 playback capability, each Shaker system has the potential to be a 1500-song jukebox — a good 60 hours of music in rotation. Or up the mix simply by connecting your favorite MP3 player to the audio input jack. Start boomin' that bass big-time.

The Return of The King. The Power. The Presence.

Make way. Now.

Blitzes 60 mph in a furious 4.3 seconds.

The fastest production Mustang ever: 540 horses, 510 lb.-ft. of torque and a 3.73 rear gear. A few reasons why the Shelby GT500KR is crowned "King of the Road," doing its 1968 namesake proud. A deep, addictive rumbling from the free-flowing, H-pattern exhaust combines with a high-pitched, supercharged whine to unmistakably signal the presence of the new KR. Its intercooled 5.4L V8 resides under the sculpted carbon-fiber hood — a Ford and Shelby first — that boasts a high-pressure zone for cold-air intake, plus a low-pressure counterpart for heat extraction. Twist-down hood pins secure operations.

Suspension components are uniquely tuned to maximize performance with the Goodyear® F1 Supercar tires formulated from an exclusive R-compound. End result? World-class handling — a sustained 1.0 g lateral acceleration. Aerodynamics are wind-tunnel optimized, with a low-drag rear spoiler and carbon-fiber front splitter. Each GT500KR is hand customized (at Shelby Automobiles) and delivered directly to the lucky few in an enclosed auto transporter. Respect, with a capital KR.

540-hp Shelby GT500KR • Brilliant Silver Metallic

The image shows the interior of a car, focusing on the rear passenger area. Two leather seats with horizontal stitching are visible. Above the seats is a fixed glass roof, which is partially covered by a retractable sunshade. The sunshade is currently down, showing its horizontal slats. The car's interior is dark, and the lighting is dramatic, with strong highlights and deep shadows. The text "The Stars." is written in a handwritten style in the upper right corner.

The Stars.

In celebration of the 45th anniversary of America's Pony car, Mustang goes from fastback to glassback. Introducing the all-new, fixed glass roof option — something completely different for an overhead panorama of daytime skies and a universe filled with brilliant cityscapes at night.

The tinted safety glass helps protect you from ultraviolet radiation, while defending interior fabric and trim from deterioration and discoloration. An acoustic vinyl layer reduces noise, vibration and harshness. The manually operated, retractable shade is built in. Best of all, no matter the weather or season, there's no waiting.

The Sky. The Light.

Through the new all-glass roof.

Up Your Performance with Ford Racing Parts

America's best-selling sports car has racked up the most wins in Ford Racing history. Here's your chance to build on the built-in performance of your Mustang. Ford Racing offers street-legal performance packs for your Mustang V6, Mustang GT and Shelby GT500 that can be installed by your Ford Dealer. When dealer-installed, most of the Ford Racing packs are now backed by a Ford Racing Limited Warranty. All parts are designed by the Ford Racing engineering team to work together as turnkey performance-enhancing packages.

NOTE: Limited Warranty available when Ford Dealer installed only. See dealer for details. Phone 1-800-FORD-788 and go to fordracingparts.com for more information.

Vaughn Gittin Jr., Team Falken Ford Mustang Drift Star • 2007 D1 Grand Prix World Champion

Most Ford Racing Performance Packs are Backed with a Limited Warranty when Ford Dealer Installed — See Dealer for Details

New Vehicle Limited Warranty. We want your Ford Mustang ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/60,000-mile Powertrain Warranty Coverage and Roadside Assistance, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty. Roadside Assistance is extended to 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Along with Ford Motor Company, you can help ensure the future of this proud symbol of American freedom: savethemustangs.org. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

For a purchase or lease, the Ford **Extended Service Plan (ESP)** gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.

Shown on a closed course with a professional driver. Do not attempt this.

Drive quality.

Mustang is an Automotive Best Buy award winner — third year in a row ('06-'08) — recognized by the editors at *Consumers Digest*.

Drive green.

On top of 26 mpg hwy³, Mustang V6 is U.S. EPA-certified as a SmartWay™ vehicle.¹¹ The soy-based seat foam is eco-responsible too.

Drive safe.

Can't top the Mustang Convertible: It's the first soft top ever to rate a perfect 5 Stars⁴ in all federal crash tests and rollover evaluations.

Drive smart.

Glass roof and Nav System optional. MyColor,[™] Ambient Lighting and Shaker Audio available. Ford SYNC[™] — new, dealer-installed accessory.⁷

Drive one.
